

## Seven ways to transform collaboration with Teams

Enhance teamwork and productivity with AI-driven tools that facilitate seamless collaboration.

 Microsoft Teams

### The collaboration challenge

**Complexity is a barrier:**

**70%**

of CIOs say their companies would benefit from greater simplicity across platforms.<sup>1</sup>

**Productivity pressure:**

**53%**

of leaders say productivity must increase to meet business goals.<sup>2</sup>

### Seven ways Teams transforms collaboration

#### 1 Unified conversations

Find information easily with a consolidated view of all your chats, channels, and teams. Organize your way with custom sections and favorites.

#### 2 Smart navigation and organization

Navigate and triage messages with filters and @mention views. Stay on top of every conversation.

#### 3 Familiar calendar experience

Enjoy seamless scheduling with a calendar that works across Teams and Microsoft Outlook, keeping everyone aligned.

#### 4 Real-time co-creation

Bring together all project elements in one place with Microsoft Loop Workspaces. Co-create and track progress in real time.

#### 5 AI-powered efficiency

Surface information from chats, emails, meetings, and calls with Microsoft 365 Copilot. Quickly catch up and draft messages faster.

#### 6 Integrated tools and apps

Connect third party apps directly into Teams to streamline workflows and reduce context switching.

#### 7 Scale expertise with agents

Delegate tasks and get answers by @mentioning agents like Facilitator, Interpreter, and Employee Self Service. Plus, extend collaboration with the Channel Agent in Microsoft Teams, a powerful tool that enhances team collaboration by automating tasks and providing quick access to information.

### Empowering transformation together

Xpress helps organizations unlock the full potential of Teams by consolidating industry solutions, customizing workflows, and delivering expert guidance for digital transformation.

Partner with us to:

Accelerate deployment and adoption.

Integrate specialized apps and services.

Drive measurable business outcomes.

### Teams Premium: Make the most of every engagement
